

Living, Albert Thomas

Oct 1914 - June 1915

308

UNIVERSITY OF TORONTO
FACULTY OF APPLIED SCIENCE AND ENGINEERING

TORONTO, CANADA Oct. 27, 1914.

The President,

University of Toronto.

Dear Mr. President:-

Herewith is a statement of the registration for the present session, also the corresponding figures for last year.

	1913-14	1914-15
First year.	144	127
Second year.	145	137
Third year.	179	116
Fourth year.	<u>161</u>	<u>165</u>
	629	545

You will note from the registration of the first, second and third years of last year, that the number who have registered for the second, third and fourth years this year is really as high a percentage as could be expected. The falling off in the first year is only 17. In view of the conditions at present it is not surprising that there is a total falling pff from last years registration of 84.

Yours sincerely,

A. T. Tacey
Secretary.

352.

UNIVERSITY OF TORONTO
FACULTY OF APPLIED SCIENCE AND ENGINEERING

TORONTO, CANADA Nov. 9, 1914.

The President,

University of Toronto.

Dear Mr. President:-

You were inquiring regarding important appointments amongst our men for the present year. I am enclosing herewith a few particulars regarding some who have received very important appointments. There are a few others of lesser importance which I can give you if you so desire, they are, however, of an ordinary character.

Yours very truly,

A. T. N. Lang

Secretary.

UNIVERSITY OF TORONTO

FACULTY OF APPLIED SCIENCE AND ENGINEERING

Graduates who have been appointed to important positions during 1913-1914. TORONTO, CANADA Nov. 9th, 1914.

T. Kennard Thomson, D. Sc., '86 was recently appointed by Governor Glynn of New York State, a member of the Atlantic Deeper Waterways Commission. This commission has under investigation a system of canals to extend from Florida to Maine, with a total length of between seven and eight hundred miles and at a probable cost of \$35,000,000.

C. H. Mitchell, B.A.Sc., '92 who is with the first contingent, has been promoted to the rank of Lieutenant-Colonel. He has also received an appointment to the position of General Staff Officer on the Headquarters' staff of the first contingent, which is one of the highest appointments given to a militia officer in Canada.

H. P. Rust, B.A.Sc., '01, appointed Engineer-in-charge of one of the largest hydro-electric developments in the west, by the Great Western Power Co., in San Francisco.

D. L. H. Forbes, '02, appointed chief construction engineer for the Chili Exploration Co. at Chuquicamata (via Antofagasta), Chili, S.A.

W. P. Dobson, B.A.Sc., '10, has been appointed Engineer-in-charge of the laboratories of the Hydro Electric Power Commission of Ontario, at Toronto. This involves responsibility for all electrical and non-electrical testing done in the interests of the Commission, and municipalities interested in the use of Hydro Electric power or development of new extensions.

W. G. Chace, B.A.Sc., '01, appointed Chief Engineer of the Greater Winnipeg Water District, at Winnipeg, Man.

H. A. McPherson, B. A. Sc., '93, appointed Deputy Minister of Public Works for Saskatchewan.

November 14th, 1914

Al. T. Laing, Esq.,

Faculty of Applied Science.

Dear Mr. Laing:

At the meeting of the Property Committee held this week the enclosed form was presented as having been used in ordering supplies. I was asked to bring it to your attention, and to request that in future the regular form of requisition be employed.

Yours sincerely,

President.

UNIVERSITY OF TORONTO
FACULTY OF APPLIED SCIENCE AND ENGINEERING

TORONTO, CANADA

March 22, 1915.

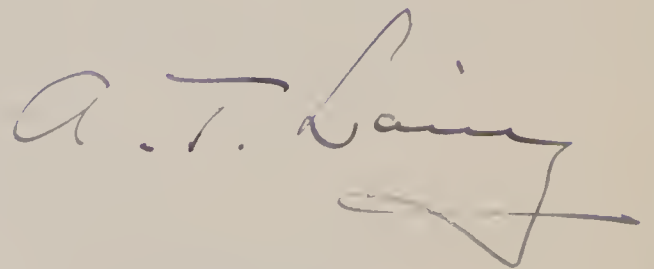

The President,

University of Toronto.

Dear Mr. President:-

In looking over the standing of Mr. William Willis Code I find that he has completed all the work of the first three years in the department of Civil engineering in this Faculty, and that he is in good standing in every respect.

Yours truly,

Secretary,

June 21st, 1915

A. T. Laine, Esq.,
Secretary, Faculty of Applied Science,
University of Toronto.

Dear Mr. Laine:

I have just received the enclosed letter from Mr. Campbell. I have seen the Registrar about the matter and he informs me that notification was not sent from your office in time to get word communicated to Mr. Campbell. I have asked the Registrar to make arrangements with you to have the notifications made earlier in the future. I send this letter mainly that you may keep the matter in mind.

Yours sincerely,

President.
